

# TRANZBAND ACCESSORIES

## Chain Transfer

Used to transfer another product onto a conveyor line at 90°.

Chain Transfer

## Drop Gate

Creates a gap in the line to feed off meter into machinery e.g case taper, labelling machine or weigh scale.

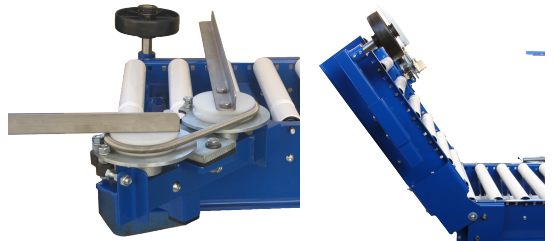

Drop Gate

## Accelerator

Speeds up a series of rollers to create a gap between cartons.

## Policeman/Merge

Operated by carton pressure only. The police man alternates the flow of traffic by only allowing one lane to progress at a time.

Policeman/Merge

Pedestrian Access Gate

## Pedestrian Access Gate

Allows a pedestrian through conveyor lines, as the gate lifts up, the drive on the gate disengages.

Rollover stop

## Rollover stop

A physical stop that comes up between the rollers to stop the product, can be air operated or by a mechanical handle.

Linebrake

## Linebrake

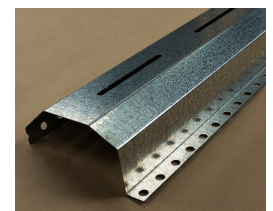

A series of rollers to lower accumulation pressure or create gaps between products.

Guiderrails

## Guarding/Guide Rails

Complete guarding available (including Lineshaft guards). Guide rails available.
